	Class: _____	Student: _____ N°

Salma is an ambitious engineering student who used to feel that women shouldn't apply for technical jobs. Her professor, who has a great sense of humour, encouraged her to keep going, saying she could break the glass ceiling in her field. After she had graduated with honours, she decided to work on renewable energy projects to promote sustainable development. She now hopes to empower other young women who face the same challenges.

I. Comprehension (7 pts)
