	Duration: 30 min	Units: 3–4
	Class: _____	Student: _____ N°

Younes used to struggle at school and almost dropped out because his family couldn't always pay the fees. A local NGO offered him a scholarship for vocational education, and he graduated three years later with a diploma in renewable energy technology. Now he works for a company **that** installs solar panels across Morocco, helping cities move toward sustainable development. Younes believes that if more students received this kind of support, dropout rates would fall significantly.

Reading Comprehension (20 pts)
