Youssef works for an NGO that helps preserve Morocco's cultural heritage. He believes it's his civic duty to abide by values passed down from generation to generation. Last year, he told a journalist, "I wish I could do more research on renewable technology to help my community." His colleague, whose work focuses on international organizations like UNESCO, said that if young engineers stayed in Morocco instead of leaving, the country would benefit from a genuine brain gain.

I. Comprehension (7 pts)
